

## SOOSAN Breaker Warranty Policy

### Limited Warranty

Soosan USA warrants new Soosan breakers to be free from defect in material and/or workmanship for twelve (12) months from the date of first installation to the first user or eighteen (18) months from the date of shipment, whichever comes first. Use of any parts that are non-Soosan OEM parts or tools and/or non-adherence to Soosan's standard installation specifications and procedure will void this warranty.

### Warranty Obligations

Soosan's obligation under this warranty is limited to replacement of parts that Soosan deems to be defective. Repair or replacement of parts during the warranty period does not prolong the warranty period. Soosan's warranty obligation is valid subject to receipt by Soosan of a completed Warranty Registration & Delivery Inspection Form.

### EXCEPTIONS FROM WARRANTY

- Normal wear or consumable parts including, but not limited to: seals or rubber parts, tools, retainers, bushings, side rods, tool steel, hydraulic fittings, fasteners, wear plates or shock dampeners.
- Items/components that are not manufactured by Soosan. These will be governed by the warranty terms of their respective manufacturer.
- Any failure or damage attributed to alteration or modification without prior written approval from Soosan.
- Any failure or damage attributed to misuse, abuse, misapplication, underwater application or improper installation.
- Loss of operating time while product is out of service.
- Use of non-genuine Soosan parts.
- Soosan will not be liable for any incidental, consequential damages and /or repairs.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ANY AND ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED INCLUDING MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE EXCEPT FOR THAT PROVIDED HEREIN. SOOSAN DOES NOT AUTHORIZE ANY OTHER PERSON OR COMPANY TO ASSUME ITS LIABILITY IN CONNECTION WITH THE SALE OR USE OF ITS PRODUCTS.
